INDUSTRY  
TRAINING  
SPECIALISTS

# TexSkill Limited

TexSkill Limited is a not-for-profit Registered Training Organisation specialising in customising relevant and flexible training for the Australian Manufacturing Industry. Since 1991 TexSkill has offered broad based industry knowledge and a whole-of-business approach; we pride ourselves on being able to provide innovative, cost effective training to all areas of your company.

National  
Delivery Our  
Speciality

TexSkill programs are specifically designed to align with and support your business improvement strategies and future directions.

#### **The TexSkill Advantage:**

- A nationally accredited training company with access to government funding in all states
- A comprehensive consultative process to establish your training needs
- All training administrative and government requirements completed by TexSkill
- Innovative business model which focuses on maximum return on investment

TexSkill delivers accredited training into over 100 companies nationally and has offices throughout Australia.

Some of our current clients include The Laminex Group, Viscount Plastics, Bonds, Primo Small Goods, RM Williams, United Bonded Fabrics, Frigrite, Tuftmaster Carpets, Huyck and represent a wide range of manufacturing sectors.
